

Year 2 Willaston Weekly Distance Learning Week 9

Reading

Read, listen to and share a range of non-fiction books about the seashore, beaches, rock pools etc. Read to an adult, looking to see how the books use labels and captions and find information using the contents page and index features. Can you find examples of the different ways that these are used? Use <https://www.oxfordowl.co.uk/> for your books and any in your own book collection. I have also uploaded two non-fiction reading comprehensions about crabs and lighthouses.

Literacy - The Lighthouse Keeper's Lunch

Watch and listen to the full story here <https://www.youtube.com/watch?v=1evkeM9O3RY>. I have uploaded a shorter version for you to learn. I want you to learn the story and put actions to it, just like we would at school. Perform the story to an audience, if you want to, I have also uploaded some character masks. Look at the beginning of my story map for ideas, then draw your own version, making sure you include time adverbials to show when the event happened. Highlight the time adverbials in the written story to help you include them in your map and pick other colours to highlight all the adjectives and adverbs. Once you have completed this, I would like you to try to complete the other descriptive writing activities based on this story, they are uploaded in the writing activity pdf on the website. Think about all the work we have done on adjectives and adverbs and try to use this skill to add lots of detail into your writing about settings and feelings. As always, I would love to see your work so feel free to send it as an email to Willaston Enquires.

Numeracy Maths focus - Fractions

Watch these 4 online lessons to help recap on the work on fractions, which we started before the TT break <https://whiterosemaths.com/homelearning/year-2/>, then click on **Summer Term - Week 7**. Once you have watched each online lesson complete the Independent Fraction recap booklet, which supports each concept - this has been uploaded onto the website. Continue to learn the x2, x5, x10 times tables and challenge yourself to learn x3 and x4. There are lots of Numberjacks clips to help you learn the different times tables <https://www.youtube.com/watch?v=3yf3xgE8wMc>

Topic and Science

<https://www.youtube.com/watch?v=Nmujo3eLKvc> and <https://www.youtube.com/watch?v=5IK6566D4CM>- Watch these clips and then head for the coast and go beach combing. Locate all the different beach zones mentioned. Look carefully at both living and non-living things and collect interesting and unusual objects. Explore the rock pools and carefully catch and identify rock pool creatures, use the identification sheets to help you. Examine the surface of the sand for holes, worm casts and foot prints. Collect sea water in a bottle and a range of washed-up seaweed and other finds to take back home for further investigation. Make paper labels and name each of the items you found. Can you sort them into living and non living things? If you took pictures, cut them out and label these. Draw and label a diagram of the different parts of the beach.

Our Topic this half term is called - **Oh, I do like to be beside the Seaside!** We will be looking at different coastal features, which you may find at the coast. These may include: stacks, arches, coves, caves, cliffs, dunes and islands. **Can you explain what they are and find examples of any of these on the IoM?** Include pictures, if you have them. **Where are they located and can you find where they are on a map?** We will use new vocabulary such as 'tide' along with specialist vocabulary such as flow (rising or high tide) and ebb (falling or low tide) crustacean, harbour, mollusc, algae, beachcomber, exoskeleton, seascape, seashore, seaweed, shingle, splash zone. **Can you produce a glossary explaining what all these words mean?**

Phonics - RWI

From 15th June the RWI channel is adding 'Read and Hold a Sentence 1', this is for children reading and writing with Set 1 sounds confidently and learning Set 2 sounds. The majority of Year 2 will be working on 'Read and Hold a Sentence 2', which is for children reading and writing words with Set 2 sounds confidently. This is available here for a period of 24 hours. https://www.youtube.com/channel/UCo7fbLgY2oA_cFCIq9GdxtQ
