

DO TRY THIS AT HOME!

Science in the home!

What you need:

- Drinking straw
- A friend
- A ruler
- Scissors
- Sticky tape
- Saucer of water

The challenge:

To lift the water from the saucer using a straw without sucking.

Get your ruler
straw into t
and

Step 2:

Join the pieces together with sticky tape along one side so they form a 90 degree angle, but leave both ends open.

Stand the smaller end of the straw
in the saucer of water.

NOW BLOW HARD!

What happened?
