

## Year 6 Willaston Weekly Distance Learning Week 5

### Reading

GOLDFISH BOY! I've added the pages of chapter 8 to the google classroom - if you have a kindle you may wish to download it or order the book for yourselves.

I've recorded myself reading chapter 8 - there are some discussion questions and a follow up task to complete - [see Google Classroom for video!](#)

**Further reading** - the First News is available on line from our school website - have a go at one of the quizzes!

**Don't forget to do your own reading or audio listening - Amazon audible is free for children whilst schools are closed!**

**Writing focus** - if any of you have not shared your autobiographies with me already, please do. This week we will link our writing with our VE Day topic. I would like you to design a newspaper front page from the day in 1945. Use the videos and links I have included to help you understand what happened on VE day. Think about how this news would have been reported. I have included a power point with me talking to you on it to give you some tips on news report writing! Hope it works.

**Extra writing challenges** - perhaps have a go at writing a VE day poem, write a diary extract of a soldier returning home or write a diary extract of an older person remembering VE day - if you have further writing ideas similar to these, please do include them.

**Maths focus** - This week we will review our learning on multiplying and dividing by 10/100/1000

I have included a link to some videos that explain the process really well. I will post the videos in the google classroom for you too.

<https://corbettmathsprimary.com/2018/07/24/multiplying-and-dividing-by-10-100-and-1000-videos/>

There are some questions to complete after watching the videos and some extra maths activities for you to be getting on with.

**Don't forget to log on to TT Rock Stars! Make sure that you are completing a fluent in five or a timetable quiz daily.**

This link will take you to a website I use a lot called I see maths. Gareth Metcalfe has daily lessons on there to get you thinking! Have a go at a few this week - let me know how you get on <http://www.iseemaths.com/lessons56/>

**VE Day mini topic!** On Friday 8th it is VE day. Please see the PDFs attached for challenges that you could complete around this topic - the links below are useful for this topic. The VE Day Tool kit has some amazing ideas to try!

<https://www.veday75.org/wp-content/uploads/2020/02/English-Heritage-Party-Pack.pdf>

**Science** - Science - I've attached another fun kitchen science activity to have a go at. Remember to follow the instructions carefully and create a mini science report about how the investigation went - you could create a video to share if you wish!

**PE** - I would love it if you could try to create a pass it on challenge video with your family or friends! Look for examples online.

Feel free to share them on our classroom! I'll try one with my family too!

### Ongoing ideas to support your year 6 child -

**KEEP CHECKING YEAR 6 GOOGLE CLASSROOM - KEEP IN TOUCH!**

**Extra PE** - If you haven't had chance to look at this local group's website for active ideas - please do, it is excellent- **ACTIVE SOULS** - [letsplay@activesouls.co.uk](mailto:letsplay@activesouls.co.uk)

**Look at google classroom for 'word' of the day posts and activities!**

**First News** - happy news! Can you find examples of happy news either from First News online or local newspapers? Share these with the rest of the class.

**TT Rock Stars** - your parents will get an email about this - it is an online account to practise timetables - its great fun too!

**Spellings** - this week we will continue to look at words that can be nouns and verbs! There is an activity attached!

Have a chat about this week's sticky question!
